

Traditional Colour , 2700 K & Long Life

Surelite's own brand of BR-40 and BR-30 Flood and Spot lamps are the best in the industry. With a 5000 hour plus guaranteed hour rating, these lamps are the perfect choice for users that are not ready for the expenditure of L.E.D. lamps but love the warmth and benefit of incandescent light. Perfect for recessed lighting and pot lights, Surelite BR lamps are a very high quality light source. The warm glowing light offers near-perfect colour rendition, bringing colours to life, especially reds, browns and yellows. Perfect for offices or boardrooms with wood furniture. Surelite quality lamps have high lumen maintenance, retaining their excellent light quality throughout their long service life.
